Tahan dari abrasi dengan pori-pori kecil.

Memberikan kesan mewah dan elegan.

Kandungan granit lebih banyak 75%.

INSTALLATION GUIDE

1

Open the box and check the tiles condition.

2

Arrange the tiles to obtain the best decorative effect.

3

Make some line guides on the surface and make sure the lines form a 90 degree angle on each corner.

4

Wet the back of each tiles before setting them in.

5

Make some spaces between tiles; 3 mm for exterior wall tiles, 1,5 mm for interior wall tiles, 3 - 5 mm for floor tiles, and 5-15mm for imitation stone tiles.

6

Apply grouts to fill the gaps between tiles and proceed to polish the surface.

7

Press the tile gently to make sure it has firmly stuck.

8

Wait an hour before cleaning the excess cement or other material on the tiles.

9

After 24 hours, you can proceed with washing tiles.

10

Done.
